JAPAN FACES SERIOUS DISSENSION REGARDING HOME AND FOREIGN POLICIES: NO POSSIBILITY OF RETURN OF LIBERALISM

KING'S SPEECH WAS HELD UP BY LOCAL CENSOR!

The delayed receipt in Hongkong of His Majesty the King's speech at the opening of the new session of Parliament on Thursday last was occasioned by the local censor, and not by the Censors Department in London, as was presumed.

This makes this ill-considered act even more reprehensible and it is hoped that the official concerned will be made to realise that he has not only failed in his duty to the public, but that his act in holding up His Majesty's speech showed a deplorable lack of judgment.

Adml. Leahy As Envoy To France

STRENGTHENING PETAIN'S HAND

WASHINGTON, Nov. 24 (Reuter).—The nomination of Rear Admiral Leahy as United States Ambassador to the Vichy Government confirms the view held here that the President is more concerned about sending an Ambassador to Marshal Petain than to the Vichy regime. It has been known that President Roosevelt has been anxious to appoint someone, other than a career diplomat, to the post. The WASHINGTON POST yesterday commented that President Roosevelt is evidently making every effort to strengthen the hand of Marshal Petain in resisting Nazi efforts to rope France into the "new order in Europe."

Admiral Leahy is regarded here as a man who enjoys the President's complete confidence. It is also felt that a high naval officer will be a suitable envoy since the Mediterranean situation is so vital and the ultimate disposition of the French Fleet remains undecided.

Sensational Reports Of Internal Conditions In Country

WASHINGTON, NOV. 24 (REUTER).—SENSATIONAL UNCENSORED REPORTS OF THE INTERNAL CONDITIONS IN JAPAN, BY WILFRED FLEISHER, LATE EDITOR OF THE JAPAN ADVERTISER, WERE PUBLISHED THROUGHOUT THE COUNTRY TODAY.

Fleisher says that Japan faces a serious dissension at home, regarding home and foreign policies and it would not be surprising if this resulted in new assassinations or revolutionary outbreaks, such as have occurred at intervals in recent years.

The writer discloses that on July 7, the Japanese police arrested 38 "God-sent" troopers who plotted to kill Admiral Yonai and Count Matsudaira. It is alleged that the leader of the plot was Col. Hashimoto who fired on H.M.S. Ladybird on the Yangtze in December, 1937.

SLOVAKIA NOW JUNIOR MEMBER OF THE AXIS TRIPARTITE PACT

Slovakia joined the Axis Tripartite Pact yesterday, states a Reuter message. Dr. Tuka, the Slovak Premier, arrived in Berlin yesterday morning and it was not long before it was announced that he had signed on the dotted line.

It is difficult to understand why since Slovakia is already completely under German control. The same thing may be said of Rumania, which has been virtually a German protectorate for some time past.

The three junior members of the Axis Pact now are Hungary, Rumania and Slovakia.

NOT GRANTED EQUALITY
LONDON Nov. 24 (Reuter).—The admission, first of Hungary and now of Rumania, to the Axis Pact does not mean that it becomes a Five-Power Pact, says Reuter's Diplomatic correspondent.

On the contrary, the countries which signed protocols are not granted equality with the three original signatories but are pledged to recognise the leadership of Germany and Italy in Europe and of Japan in the Far East in the construction of the "new world."

General Antonescu's speech on signing the protocol shows that the last remnants of any independence of thought or speech apparently has vanished from Rumanian politics. She not only acknowledged the leadership of Germany, Italy and Japan but, like Hungary, agrees that she will only be consulted where Rumanian interests are involved.

Cont'd Page 7, Col. 5

Fleisher declares that there is no possibility of the return of liberalism for a long period and Japanese liberals are in hiding. Japan's policy, he says, hinges on the European war.

Japan's policy, he says, hinges on the European war.

A revolution, says Fleisher, achieved bloodlessly would want a dictatorship under the Emperor and those who urge an outright dictatorship and visualise the return to the Shogunate days of the Emperor are being relegated to the background.

There is widespread dissension over the foreign policy, Fleisher asserts.

He also says that the Tripartite Pact with Germany and Italy was so unpopular that the Government deemed it did not wish to stage the national celebrations until they could be combined with the celebration of the 2,600th anniversary of the founding of the Japanese Empire.

ANXIETY EVIDENT
The Kono Government is now intent on drawing Russia into the alliance, he continued, by negotiating a pact of non-aggression, and Japan's anxiety for such a pact being clearly evident. He says that it is supposed that Germany gave Japan an assurance that, in the event of conflict in the Pacific, the Soviets would not attack Japan and the Japanese now want those assurances implemented.

New British Ambassador To Portugal

Sir Ronald Hugh Campbell, K.C.M.G., formerly British Ambassador in Paris, has been appointed Ambassador Extraordinary and Plenipotentiary to Portugal, in succession to Sir Walford Harwood-Montague Selby, K.C.M.G., C.B., C.V.O., who has been in Lisbon since 1937.

Sir Walford, who was Ambassador in Vienna from 1933 to 1937, was Principal Private Secretary to the Secretary of State for Foreign Affairs from 1924 to 1932.

From 1906 to 1911 he was Assistant Under-Secretary for Foreign Affairs and was British Minister at Paris from 1929 to 1935.

"CLASSIC AGE" RECALLED

Mr. Winston Churchill sent the following message to Gen. Metaxas, Prime Minister of Greece, yesterday:

"Heartfelt congratulations on the great Greek victory on the Albanian front, culminating in the capture of Koritsa. We are all inspired by this example of Greek valour against an enemy of superior numbers. This recalls the classic age."

WORTHY OF ANCESTORS

ATHENS, Nov. 24 (Reuter).—The King of Greece, in an Order of the Day to the forces, declares they are worthy of their ancestors. "I am proud to be the leader of such men."

Broadcasting to the nation the King paid a tribute to the forces and the unity and courage of the whole people. He said the noble Greek resistance upset the enemy's plans in an extraordinary manner and added that right will finally conquer.

HIGHLY SUCCESSFUL RAID ON BOMBA HARBOUR

CAIRO, Nov. 24 (Reuter).—A highly successful R.A.F. raid on Bomba harbour and a large fire was started followed by a series of explosions during an R.A.F. raid on the night of Nov. 21-22 states an R.A.F. communique.

On the same night raids were carried out on Bardia and Derna. Direct hits damaged the military barracks at Derna and bombs fell in the target at Bardia but the extent of the damage could not be observed.

Reconnaissance were carried in Greek coastal waters and aircraft operating from Greek bases successfully attacked military concentrations in Argyrocastro. Bad weather prevented an accurate estimate of the damage caused.

CAIRO, Nov. 24 (Reuter).—Direct hits were registered on Bomba harbour and a large fire was started followed by a series of explosions during an R.A.F. raid on the night of Nov. 21-22 states an R.A.F. communique.

Considerable Damage To Berlin And Turin

LONDON, Nov. 24 (Reuter).—Details of last night's R. A. F. bombing attacks on both ends of the Axis show that considerable damage was done to Berlin and Turin.

The bombers arrived over the German capital early in the evening and the Intitstrasse and Leichter railway and goodsyards suffered the first bombs shortly after midnight.

Ten large fires were started, some of them burning so fiercely as to light up the raiding machines when flying high.

1,000 INCENDIARIES
At the same time, 1,000 incendiaries were dropped on yards between the Potsdamer and Anhalter stations causing fires and explosions.

The attack on Turin began an hour before midnight, the first bombs falling on the city.

Planes could be seen many miles by the pilots as they crossed the Alps for the second time.

OVERCROWDING AND FOUL AIR IN SHELTERS: CRUX OF PUBLIC HEALTH PROBLEM: RAISING OF VENTILATORS

"OUR SHELTERS ARE OVERCROWDED—THAT IS THE CRUX OF OUR PUBLIC HEALTH PROBLEM—OVERCROWDING AND FOUL AIR," said a well-known doctor when he spoke in London yesterday on questions now engaging the attention of the health authorities and some of the precautions taken against epidemics.

"It is a common place," he said, "that the war has not turned out quite as we expected. The air raids are one example. We expected more trouble from day bombing and less from the night bombing, but it is the night bombing that is presenting London with a big problem at the moment."

"Our air raid shelters were mainly constructed to deal with the question of day bombing, but they must now be considered as shelters at night, and more than one-tenth of London's population of 1,500,000 people are making use of these shelters, while others continue to sleep in their own homes and take a chance."

"Our shelters are overcrowded—that is the crux of our public health problem—overcrowded and foul air."

"A child at school is provided with 1,500 cubic feet of fresh air, a soldier in barracks is allowed 600 cubic feet of air, but the best we can achieve is 50 cubic feet of air for each person in a shelter."

"The air in shelters needs to be changed much more often, but this is not possible without draughts and dangers. It has been suggested that ventilators should be raised to a higher level, but more often than not a bomb might find it and destroy it."

MORE DIFFICULT
"As we breathe we use up oxygen and exhale carbon dioxide, which is increased tenfold in these shelters. If the air round the body is still, it becomes wet and it is more difficult for the body to give out its heat. That is what happened in the Black Hole of Calcutta and that is why air agitators are being fixed in some shelters."

"The danger of infection is another problem," continued the speaker. "So far there have been no experiences of any consequence. Epidemics have strange ways. For instance, for years this country has had a measles epidemic. It was due last winter, but for some reason or other did not arrive. We must, not of course, bank on it not arriving this winter."

"Diphtheria is the greatest danger. Fortunately it is a preventable disease and a big campaign to deal with it is now on foot."

"The greatest need is immunisation and the Government is all out to give the people this protection in preference to two or three painful injections. I hope this immunisation will be made compulsory."

ANOTHER PROBLEM
"Influenza is another problem. Like some others, it is spread by coughing and sneezing and in shelters is a serious question. Some people advocate an increased consumption of vitamins, but"

Today's War Summary

SENSATIONAL REPORTS OF INTERNAL CONDITIONS IN JAPAN were published throughout the United States yesterday. The writer, who was late Editor of the Japan Advertiser, says that Japan faces serious dissension at home, regarding her home and foreign policies, and it would not be surprising if this resulted in new assassinations.

SLOVAKIA HAS JOINED THE AXIS TRIPARTITE PACT WITH JAPAN. It is pointed out by Reuter's diplomatic correspondent that the admission of Hungary and Rumania to the Pact does not mean that it becomes a five-Power Pact. Meanwhile the Bulgarian Prime Minister is reported to be on his way to Berlin.

MERIGNAC AERODROME—THE GERMAN CENTRE OF AERIAL WAR on British shipping in the Atlantic was the object of a determined attack by the Royal Air Force on the night of Friday-Saturday and severe damage was done to buildings and aircraft on the ground.

IN A STATEMENT TO PRESSMEN ON HIS ARRIVAL IN NEW YORK from London, the British Ambassador, Lord Lothian, said that it would be a difficult year and Britain needed all kinds of that. It would be a difficult year and Britain needed all kinds of that. It would be a difficult year and Britain needed all kinds of that.

REAR-ADMIRAL LEAHY HAS BEEN NOMINATED BY PRESIDENT ROOSEVELT as the United States Ambassador to the Vichy Government. It is pointed out that Mr. Roosevelt is more concerned about sending an Envoy to Marshal Petain than to the Vichy regime.

A HIGHLY SUCCESSFUL R.A.F. RAID ON BOMBA is announced. It is also reported that direct hits were registered on Bomba harbour and a large fire was started followed by a series of explosions. During Saturday night considerable damage was done to Berlin and Turin.

Britain To Ask For Considerably More U.S. Aid: Lord Lothian May Press For Johnson Act Modification

WASHINGTON, Nov. 24 (Reuter).—The return of Lord Lothian, British Ambassador, yesterday coincides with the wide publicity here to the effect that Britain is to ask for considerably more United States aid, chiefly destroyers and merchantmen.

Well-informed sources believe that the Administration had been notified in advance what Lord Lothian will require. The same sources think he will press for a modification of the Johnson Act, which prevents Britain getting credits, and also the Neutrality Pact.

One well-known Washington correspondent declared yesterday that apparently things must get "more desperate" for Britain before the President will take a lead in urging credits for Britain and that he is in no sense convinced that under present conditions he could carry Congress along for repeal or radical amendment to the Johnson and Neutrality Acts.

It seems probable, however, that public opinion will move gradually, if slowly, in that direction.

Informed American sources here believe that there are plenty more over-age American destroyers which could be disposed of without greatly weakening American defence.

President Roosevelt is expected to return to Washington tomorrow and it is generally believed that Lord Lothian will begin the campaign for increased assistance next week.

"It would be a difficult year and Britain needs all kinds of war supplies, including munitions, ships and perhaps finance."

Lord Lothian made this statement to Pressmen when he arrived back in New York today from his visit to England.

Lord Lothian is expected to leave immediately for Washington where it is believed he will, without delay, take up the matter of increased aid to Britain. He told reporters that Britain was "beginning to come to the end of her financial resources."

On further questioning, he said that available gold and securities had been virtually used up and this factor figures in the calculations for 1941.

BECOMING URGENT
Lord Lothian added that the financial problem was "becoming urgent." He proceeded to express satisfaction over America's assistance and said that there was no

SATURDAY'S FOOTBALL:

SENSATIONAL POLICE WIN OVER SING TAO

A major sensation was caused in soccer circles when the lowly Police defeated the hitherto unbeaten Sing Tao by three clear goals. The Chinese team, considered to be one of the best teams, was completely outplayed. The Police, on the other hand, played inspired soccer.

As expected, Royal Navy lost to South China after a fast and exciting game. Lee Wai-tong was responsible for two out of the three winning goals.

Middlesex defeated the Royal Scots by the odd goal in three; and Kwong Wah lost to St. Joseph's by the odd goal in seven.

A major sensation was caused in soccer circles on Saturday when the lowly-placed Police confounded the critics with a three clear goal victory over the hitherto unbeaten Sing Tao on the Club ground.

A most surprising feature of the match was that the Chinese, considered to be of the best teams in the Colony, was practically outplayed by the Policemen who played inspired soccer.

From the start right to the end Police always had the upper hand and Howlett, giving one of his best performance, continuously beat the Chinese defence. The Police backs played like trojans and by their hard work never really allow the Chinese to settle down to their usual game. Blackburn and Chan Kwong-yue were outstanding at back.

Sing Tao gave a disappointing display and rarely came into the picture. Their halves were weak and could not cope with the bustling methods of the Police.

Howlett opened the scoring from a pass from Moss. This early lead had a good morale effect on the Police who from then onwards played like men inspired.

Police consolidated the lead when Ferrer scored from a penalty and just before the whistle Howlett put in his second goal to put the issue beyond doubt.

SAPPERS BEAT PUNJABIS IN HOCKEY TOURNEY

Umpires Fail To Turn Up To One Match

Royal Engineers beat the Punjabis by four goals to two at Sookunpoo yesterday in the latter team's first appearance in the Hockey Association Tournament.

Though they went down, the Punjabis gave a good account of themselves, against a team that is being seriously considered a likely winner of the Tournament, and may be expected to finish well up themselves.

Beyond a 7-1 surprise sprung upon the Nomads by the A.N. Other XI, the other games did not produce any interesting results.

Signals, best University 4-0 at Pokfulam, Khalsa beat 5th A.A. "B" 2-0 and 5th A.A. "A" beat Gunboats 3-1.

SAPPERS' FINE WIN

At Sookunpoo, Royal Engineers beat the Punjabis by four goals to two after leading 2-0 at the interval. Punjabis showed themselves to be obviously short of experience and should improve with time.

The losers were more to the fore in the second half, though the good combination of the Sappers was in the main responsible for the Indians' early lack of success.

The first player to show up to advantage was Mohammed Al-tram, centre-half, a hard worker with keen anticipation, who held the Punjabis together through several bad moments.

Homburg scored the first goal and Croston moved up to the forward line, the second. Shaw was badly missed. Mohammed Al-tram scored a beautiful goal early in the second half. Homburg replying soon after and Hem Raj, right-wing, adding another for the Punjabis.

The game was already won as Denyer added another goal on to the R.E.'s score toward the close. The game did not produce many exciting moments.

Royal Engineers: Dobson; Taylor, Goodwin; Bowling, Marriott, Whitaker, Singleton, Denyer, Homburg, Croston and Twomey.
Punjabis: Khan Laman; Bar Ram, Kamal Prasad; Jagat Singh, Mohammed Al-tram, Karnal Singh; Hem Raj, Capt. Mathers, Gurbux Singh, Jamshar and Ashraf, Khan.

RUNAWAY VICTORY

At King's Park, the Nomads, a depleted team on account of Volunteer duties, fell 7-1 to the A.N. Other XI, the biggest upset of the Tournament to date.

After a promising start in which Nomads had as much of the play, the A.N. Other scored three quick goals through Hitchcock (2) and Morgan.

Nomads made numerous positional changes in the second half but to no avail. Hitchcock (2), Morgan and McCann added another four goals for the A.N. Others, giving the team a runaway win for their first success in the Tournament in four games.

Nomads: A. Silva, J. Souza, R. Xavier; A. Xavier, R. J. Reed, L. Souza; J. H. Franco, H. Gubbay, S. A. Reed, P. Roll, B. Xavier.
A.N. Other XI: V. M. Benwell, L. J. P. Gunner, E. Youffert, I. Kempton, B. Waldron, H. B. Jordan, J. T. K. Gilchrist, McGahn, Hitchcock, Morgan and R. A. Bates.

UNIVERSITY BEATEN

University suffered another setback at Pokfulam, going down 4-0 to Royal Corps of Signals. Coombe (2), Holland and Husband scored for the winners.
Signals: Truscott; Harrington, Savers, Blount, Gorman, Halstead, Price, Coombe, Holland, Husband and Kennard.

University: N. C. Gupta; K. Y. Tam, N. H. Iow, S. S. Khor, H. Kan Singh, O. C. Leow, L. H. Tan, D. Chelliah, K. S. Oh, Ho Hon-fah and Hans Raj.

WIN AT HALF-TIME

Khalsa took both points from 5th A.A. "B" in a game that was won by half-time. The Indian team were leading 2-0 at that stage and had all of the game in the second half though they did not score.

Neither of the two umpires assigned to the game turned up and this state of affairs led to a considerable amount of misunderstanding. There were several nasty moments and the two spectators asked to officiate came in for a deal of abuse, the Gunners offending a good deal in this respect.

Khalsa was a long way from being at full strength, U. B. Sonza being a notable absentee. A Junior team player, Balwant Singh, brought in at right-half, gave a creditable account of himself. G. Singh also returned to the team at inside-left after a layoff of several weeks.

AWTAR SINGH AND GUEST WERE THE SCORERS.

Khalsa: Harbajan Singh; Kishan Singh, J. S. Grewal; Balwant Singh, M. H. Hassan, Mohinder Singh, Karminder Singh, A. E. P. Guest, Awtar Singh, Gurbachan Singh and Janger Singh.

5th A.A. "B": Delahunt, F. Woods, Farrington, Speed, Barraclough, Clarke, Egginton, Coughlan, McCadden, Pidgeon and A. Woods.

GUNBOATS LOSE

Gunboats lost 3-1 to 5th A.A. "A" at King's Park after putting up a spirited resistance the whole way. A good standard of hockey was seen and the match was attractive from the spectator's point of view. Both teams played a very keen game.

Surdara Singh was the star of the Indian Gunners, playing inside-right to a good forward line. The defence was on the weak side. Gunboats were without one or two of their better players, though Colclough, in goal, and Croft, centre-half, attracted notice.

The half-time score was 2-1. Ghulam Ali, Mustan Singh and Surdara Singh scored for the winners and King for Gunboats.
5th A.A. "A": L. E. Braddock; Rav. Amar Singh, Nk. Mohd. Din; Nk. Rahman Khan, L/Nk. Mustan Singh, L/Nk. Karam Singh; L/Nk. Ghulam Ali, Gnr. Surdara Singh, Gnr. Ahmed Khan, Nk. Mohd. Akbar and Gnr. Noor Khan.
Gunboats: Colclough; Hunt, Thoms; Parn, Croft, Brown; Whitteide; Gemmell, King, Wilkinson and Smart.

"Y" HOCKEY TEAM

The following will represent the Y.M.C.A. 2nd XI in a hockey match against H.M. Gunboat at 4.45 p.m. today on the "Y" ground:—Killean, Grant and Tomlinson; Smith, Coombe and Gorman; Pancey, Gilchrist, Highlands, Treason and Banks.

C.B.A. LADIES DEFEATED

Hongkong Ladies beat C.B.A. Ladies by seven goals to one at King's Park on Saturday in a very one-sided hockey match. Both teams were short. H. K. Ladies being without two players, and C.B.A. Ladies without one. Play in the first half was fairly even, Hongkong Ladies crossing over with a lead of 2-1. The second half was a rout for C.B.A. Miss J. Butler, Miss N. Qum (2), Miss Smalley (2) and Miss M. Booker (2) scored for the winners, and Mrs. Joyce for C.B.A.

SUCCESSFUL TEST MOBILISATION

A test mobilisation of Air Raid Wardens, carried out during the past week in District "E" of the Central Division, was effected with a full measure of success. With-in half-an-hour of the first telephone call, the 22 A.R.P. Posts in the district were fully manned by qualified Wardens.

The mobilisation was carried out under the direction of District Warden J. C. Lang. The swiftness with which it was carried out was an achievement with such factors having to be taken into consideration as the lack of "convenient" telephones, the scattered residences of the wardens and the congested areas in the district.

SAIKUNG-KOWLOON TOLL ROAD MOOTED

The mainland seaport of Salkung may be connected with Kowloon Proper by a motor highway via Clear Water Bay Road if plans to this end that are at present under consideration by a group of Salkung merchants materialise.

The merchants hope to obtain a 10-year lease on a small strip of "virgin" land, about four miles long, near Tai Po Chai. They propose to build over it a highway leading from Clear Water Bay through Wo Mi Chun to Salkung.

The upkeep of the road, should it be built, may be dependent upon a road toll to be imposed upon all cars and other vehicles passing along the highway.

The sponsors have suggested the formation of a syndicate with a capital of \$100,000 divided into 10,000 shares of \$10 each. Each business concern in Salkung is to be responsible for at least five shares.

When the capital is raised, \$60,000 will be set aside for building the four-mile road, and for the erection of pavilions along it to shelter pedestrians. With part of the capital it is proposed also to build a cinema and an amusement centre in Salkung and a bathing resort at Pak Sha Wan. The syndicate will run three

NUTRITION FILM FOR HONGKONG

A film which should prove of great interest to the Colony, and one which has been widely shown throughout England, is to be screened locally shortly.

The subject of the film, entitled "Enough to Eat," is particularly applicable to Hongkong and will be shown at the Queen's Theatre at 12 noon on Dec. 2 under the auspices of the Hongkong Government Nutrition Research Committee.

His Excellency the Acting Governor, Lieut.-Gen. E. F. Norton, C.B., D.S.O., M.C., has intimated his intention of attending.

In view of the close connexion between malnutrition and tuberculosis, the Nutrition Research Committee have decided to extend a warm invitation to all members of the Hongkong Anti-Tuberculosis Association.

motor-trucks to transport the products of Sai Kung to Kowloon and one motor-bus for the use of shareholders. Plans for beautifying the countryside along the proposed road are included.

At present Salkung is connected to Kowloon only by hill paths and the Hebe Haven shore path leading up to Customs pass.

BRITAIN'S STRATEGIC IN MEDITERRANEAN NOW STRENGTHENED

VICHY, NOV. 15. — BRITAIN'S AIR-NAVAL VICTORY AGAINST THE ITALIAN FLEET ANCHORED AT TARANTO, materially changed the naval situation in the Mediterranean where in a single action Italy's recently won margin of superiority over the French fleet was materially reduced, writes Ralph Heinzen, in the Manila Bulletin.

Italy's temporary losses—in the event the "ships-of-the-line" can ever be raised again—are great as the French post-armistice losses to the British attack at Mers-el-Kebir and Dakar.

THE LITTORIO CLASS CAPITAL SHIP which sank to its forward turrets is the same size and has the same armament as the Richelieu which has been immobilized at Dakar by British torpedoes. The Cavour battleship which was grounded in the same category as the old Bretagne which was set afire and turned "turtle" at Mers-el-Kebir under the British attacks.

Hence, this single operation against the Italian fleet brought the French and Italian naval forces nearer to a balance in the Mediterranean, which was the whole aim of the past ten years of French naval construction.

BRITAIN STRENGTHENED French military critics concluded today that Britain's strategic position in the Mediterranean has been greatly strengthened since the start of the Italo-Greek war which gave the British an opportunity to occupy and consolidate positions at Crete.

Crete is strategically the most important island in the whole Mediterranean because British battleplanes and warships now based at Crete are engaging Italian naval forces at much closer quarters. From Crete, British planes are daily flying over the southern half of the Adriatic and interfering with maritime liaison between Italy and its armies in Greece. In addition, they are hunting down the Italian fleet at Italian bases.

For that reason, considerable importance was attached to the De Gaulle coup at Libreville which now gives British forces in Egypt a new back-door opening on the Atlantic. The British and de Gaulle now have a route across Africa from Gabon and Congo to Fort Lamy on Lake Chad to Anglo-Egyptian Sudan, and Egypt. From there the route extends to Crete.

ATLANTIC BASES IMPORTANT Simultaneously, the British air force has resumed its concentrated attacks on the four main bases on the French coast from which German long-range planes and submarines were believed to be undertaking raids against British shipping in the Atlantic. These bases, particularly L'Orient, have been fully equipped now and it was believed the recent raids in the Atlantic resulted from German utilization of the bases.

CHINA TO REJECT ALL PEACE OFFERS

WASHINGTON, Nov. 24 (Reuter). — Information reaching Washington through press and other channels has convinced observers in the American capital that no peace offer Japan may make to China will be accepted by the Chungking Government.

It had been feared by some that China might be wearying of the long war and that an offer of peace on honourable terms might find a large number of important Chinese willing to talk peace.

It had been known for some time that several important Chinese were inclined towards appeasement but apparently they have no influence with the highest quarters at Chungking, including General Chiang Kai-shek.

Peace in China would naturally enable Japan to use all her resources for other purposes—southern Indo-China, Siam, Singapore and the Netherlands East Indies.

However, all indications are that China, in view of the help given and promised by the Democracies, considers herself one of the small band of nations defying the Axis powers and will go on fighting until the Axis is defeated.

Congress Ministers Imprisoned

LONDON, Nov. 24 (Reuter). — Three former Congress Ministers in the Central Provinces, Misra, Gokhale and Bhargava, were sentenced at Nagpur on Friday to a year's imprisonment under the Defence of India Regulations.

Before the armistice, the French had one of their most important seaplane bases at the end of the deep bay behind Brest. From that base with its five-mile-long water runway, big French seaplanes of the transatlantic type left for long patrols often of more than 20 hours duration over the Atlantic shipping lanes. Seaplanes capable of 20-hour cruising can spend ten hours each way and hence can operate in a radius of 2,000 miles from Brest—halfway across the Atlantic.

BRITISH RAIDS

The British raids were chiefly against the air bases at Brest, St. Malo, St. Brieux and L'Orient, and not against the towns.

Le Temps today printed a story from the Italian frontier quoting the Italian General Carlo Romano as predicting Hitler would not try to attack England until he obtains complete mastery of the air and seas around the British Isles. Otherwise, such an attempt would cost 500,000 lives and might end disastrously. Once Hitler obtained air mastery, Romano declared, Hitler could be assured of a safe landing with a minimum of sacrifices.

MUST CONTROL CHANNEL Romano declared that no one could attack England until it was certain that attacking forces could be continually supplied, which is a much greater problem than merely transporting the attacking army and its equipment.

"The channel must be virtually covered with a rolling carpet to keep men and materials moving constantly for the offensive," Romano declared. "To organize such a rolling carpet it is necessary to destroy beforehand the forces which might oppose."

"To try at any price and any time Germany would have to be prepared to sacrifice 500,000 men but it is doubtful Hitler would be willing to pay such a price as a bloody war tribute when by patience he can arrive at the same result with a minimum of sacrifices."

Romano was quoted by Le Temps as admitting that British aviation undeniably was still notably effective. He suggested the British were probably using underground airbases to protect ground planes from German bombardments.

BRITAIN-EIRE RELATIONS TENSE

NEW YORK, Nov. 24 (Reuter). — The United States is to have a joint military attaché in London and Dublin, according to the Washington correspondent of the New York Times.

The correspondent says increased tension over the question of British use of Eire bases has arisen and the United States Government has assigned Brigadier-General Martin Scanlon, now military and air attaché in London, to serve in the same capacity in Dublin.

MORE PLANES FOR BRITAIN

NEW YORK, Nov. 24 (Reuter). — A Gallup Poll just taken in the United States on whether more planes should be sent to Britain at the risk of delaying the United States defence programme resulted in 60 per cent. in favour of the proposal.

The survey followed President Roosevelt's statement on Friday that "aid to Britain is near its peak."

POSITION 50-50 RULE UNALTERED

NEW YORK, Nov. 24 (Reuter). — Asked whether in view of the accelerated bombing of British cities the rule of 50-50 would be altered, President Roosevelt yesterday said the question was too general.

President Roosevelt challenged anyone to show how planes could be built faster and declared it was impossible to issue an order and set planes the next day.

The President said the Government had done nothing as regards extending credits to Britain or using United States ships to convey vessels partially across the Atlantic.

70 R.A.F. RAIDS ON GERMANY DURING WEEK

LONDON, Nov. 24 (Reuter). — Over 70 R.A.F. raids on German military objectives were carried out last week, in addition to a large number of bombing attacks on aerodromes, it was stated in London on Friday.

Ports and shipping received the major part of the R.A.F.'s attention for nearly 40 per cent. of the raids were on these objectives.

Industrial targets came next with 25 per cent and third were oil targets with over 19 per cent. Remainder of the raids were mainly on goods yards and railway communications.

Most spectacular concentrated attacks were on Hamburg, which was visited on two successive nights from just after nightfall to dawn the following mornings.

The usual large fires were caused but on one occasion the Elbholm and Voss shipyards suffered 12 separate explosions.

One Hamburg district received almost a thousand incendiary bombs, while over a thousand incendiaries and high explosives were dropped on the Scholven synthetic oil plant.

GRAPHIC DETAILS OF DESPERATE ITALIAN STAND AT KORITZA

LONDON, Nov. 24 (Reuter). — Details of the fall of Koritza tell a story of desperate Italian attempts to turn the scale.

From early on Friday Greek guns put up a heavy barrage against the remaining strong points. The stubborn Italian defence finally broke and the Fascists retreated.

The Greeks entered the town while others, preceded by cavalry, pursued the foe beyond Koritza.

The population welcomed the Greeks with open arms. The inhabitants appear to have received bad treatment at the hands of the invaders.

The Italians took leading Koritza citizens as hostages. Rome radio dismisses the defeat by saying that two Italian divisions, merely covering troops, did extremely well to hold out eleven days against superior forces.

Meanwhile a communique issued in Athens yesterday announces the complete occupation of the Morava and Ivan ranges and other gains in Pindus and Epirus.

FIVE DIVISIONS

Describing the Battle of Koritza the communique says the enemy's positions, naturally strong, were reinforced still further by concrete and defended by at least

HOUSTON REPLACES AUGUSTA

MANILA, Nov. 24 (Reuter). — After six years in the Far East, Manila bid farewell to the flag-ship U.S.S. Augusta on Friday morning when the cruiser sailed for San Francisco for overhaul after which she will join the battle fleet at Hawaii.

The flag of Admiral Thomas Hart, Commander-in-Chief of the United States Asiatic Fleet, was transferred after a short ceremony to the U.S.S. Houston which arrived on Tuesday from Honolulu. The Houston is already well-known in the Far East, the Augusta having relieved her as flag-ship in 1934.

Five divisions, two battalions of Black Shirts, a regiment of Bersaglieri, a heavy machine-gun battalion and much heavy artillery.

About 1,000 Italian troops were taken prisoner and material captured includes 80 guns, 55 anti-tank guns, 300 machine-guns, 20 tanks, 350 transport vehicles, 1,500 cars and motor-cycles, much munitions, fuel and clothing.

The Italians left their mark on towns and villages they had occupied, says a communique issued by the Greek Ministry of Home Security.

They devastated and pillaged everywhere, killed women and children and took others as hostages.

ITALIAN CLAIMS

"On the Greek front, Italian troops are regularly carrying out a pre-arranged movement for taking up new positions," said an Italian communique in Rome yesterday.

"The Italian air force has bombed a number of objectives, especially in the Koritza sector. In East Africa two British planes were shot down in aerial combat with the Italians."

HEALTH EXPERTS HOLD CONFAB

SHANGHAI, Nov. 24 (Reuter). — Fifty health experts from all parts of China are meeting in Chungking today for a conference lasting five days.

The conference, which is under the auspices of the National Health Administration, will discuss the question of the people's nutrition during the war, the prevention of epidemics, the training of medical personnel, the control and distribution of drugs, the extension of first aid work and closer co-operation with foreign mission hospitals.

Importance Of Aviation Knowledge

H.K. MODEL LEAGUE INAUGURATED

The Hongkong Model Aeroplane League held its inaugural ceremony at Hotel Cecil yesterday afternoon when prizes were distributed to the winners of the Model Aeroplane Contest held on Nov. 10.

Opening the ceremony, Mr. Wu Ching-chi, Vice-President of the League and proprietor of the Takungpao, stressed the importance of the model aeroplane contest as a means to further the education of aviation and was excellent training to cultivate men of science for China in the future.

Mr. Wu Kung-fu, representing General Wu Te-chen, Minister of Overseas Affairs, also spoke on the meaning of the Chinese Air Defence Day. He concluded by quoting the advice given to the nation by Generalissimo Chiang Kai-shek.

Other speakers were Mr. Fung Sze-man, of the League, Mr. Ko Ting-chi and Mr. Wong Shao-lai, members of the China Red Cross Society and the National Relief Commission, respectively.

PRIZE WINNERS

Prizes were distributed by Mr. Wong Shao-lai to the following successful contestants:—

Glider Contest Duration: Chan Lok-ying, Wong Kam-cheung, Chan Chi-chol.

Fuselage Duration Model: Ng Kam-ling, Pang Tak-lok, Yu Chu-yin, Char Lee-ming, Char Lee-ming, Lo Kwong-yip (holder of last year's Glider duration contest), Lai Tak-chun, Wong Kam-ching, Chan Yu-chol, Lam Chung-ching.

Gas Engine-Powered Duration Event:—Lim Sul-kee, Lim Yuet-yin, Lim Yuet-yin, Chan Yu-chol, A. Silva Netto, Chan Lok-ying, Wu Hung-chung.

A cinema picture of the scenes taken at the contest on Nov. 10 was shown at the end of the meeting.

ENTERTAINMENT TAX INCREASES

The lowering of the minimum level from 20 to 14 cents suggests the intention to increase the burden at the bottom end of the scale although the proposals for increasing the rates of Entertainment Tax in the Colony have not been finalised.

The cinema circles are of the opinion that a flat rate of 10 per cent. would be most satisfactory to all concerned.

The present scale, it is believed, is entirely out of proportion, the cheaper seats paying proportionately a heavier tax than the more expensive ones.

COLONY HEALTH

There were no cases of small-pox notified to the Health Authorities on Nov. 22. Other returns included seven cases of dysentery, 31 cases of tuberculosis, five cases of enteric fever, three cases of diphtheria, two cases each of measles and cerebro-spinal fever and one case each of cholera and chicken-pox.

EASTERN PORTS

The Health Bulletin of Eastern Ports, for the week ending Nov. 16, is as follows:

Cholera: Macao 5 cases; Hong-kong 7 cases; Shanghai 2 cases. Small-Pox: Rangoon one case; Hongkong one case.

Richard Pasquale, son of the founder of the Pasquale firm which has been making barrel organs for over sixty years and hiring them out to the street musicians of London, brought one of his forty-year-old instruments to the BBC headquarters studio for an interview in an "Off the Record" programme in the BBC's Overseas short-wave service. He illustrated the interview with such long popular British tunes as "Oll Kent Road," "Over the Waves," "Knees up Mother Brown," "Down the Road Went Polly." This particular instrument was originally constructed for the Royal Mail Steam Packet Company for its South American immigration traffic, and was built for extra hard wear at sea. Every nail producing the tunes is put in by hand. In this picture Pasquale (right) is seen with the Canadian announcer, Gerry Wilmet.

ROUND THE POLICE COURTS

AT CENTRAL

IMPORTED SILVER DOLLARS

A large number of silver dollars, among which were Mexican and Spanish dollars, were discovered on board a British ship which arrived at Hongkong on Nov. 17.

This discovery led to a 24-year-old fireman on board the vessel, Cheng Hau-kwong, being charged before Mr. G. T. Lowry at the Central Magistracy on Saturday with unlawfully importing into the Colony an unmanifested cargo, namely, 2,993 silver dollars.

Revenue Officer Ahern said at about 7.30 a.m. the steamer on board which defendant worked arrived from Shanghai and went to the quarantine anchorage. A representative of the Indo-China Steam Navigation Co. went on board to inspect the cargo and found concealed under the coal the silver dollars. He sent for the ship's manifest but the cargo of silver dollars were not on it.

SEAMEN'S SAVINGS

Defendant stated that he was not taking them into the Colony for business. The dollars belonged to seamen on board and were monies which they had saved. He did not report because he was afraid that the Japanese would take the money if they found out, the vessel having to touch Japanese occupied ports.

A fine of \$50 or, in default, six weeks was imposed.

R.O. Ahern applied for the confiscation of the silver dollars.

Mr. Lowry said he would wish to consider this point and adjourned the case to today.

BANISHED GAOLED

Remanded from Thursday to ascertain whether he had regular employment, Chan Ngau, 29, charged with returning to the Colony before his period was up, having been banished for five years, appeared before Mr. Lowry on Saturday.

A folk of the shop for which defendant had worked said that defendant was given employment on four or five days in a month and would earn about a dollar odd. He said his shop would not take defendant back.

Asked if he can find employment, defendant stated there were always many loose odd jobs in Bonham Strand.

Sentence of one month's hard labour was imposed.

FORGED NOTE CASE AGAIN ADJOURNED

Alleged to have in his possession 443 \$1 notes purporting to be \$1 notes of the Hongkong Government one \$10 note of the Hongkong and Shanghai Bank, one \$50 note of the Chartered Bank of India, Australia and China and ten 10-guilder notes of the Bank de Javasche, knowing same to be forged bank notes, Li Chan-tin, 34, unemployed, was again remanded to Nov. 30, by Mr. Lowry on Saturday.

The forged notes were alleged to have been found in defendant's possession at the Wing Lok Wharf, Connaught Road West, on Nov. 18. Det. sub- Insp. J. O'Donovan is in charge of the case which is for committal.

GUNNER SENTENCED

Found guilty of a charge of breaking into "High House," the residence of Mr. A. H. Potts, on Nov. 15, Warner Wallace, 22, of the 24th Heavy Battery, R.A., Mount Davis Fort was sentenced to one month's imprisonment by Mr. T. J. Gould on Saturday.

Defendant pleaded not guilty to the charge.

Det. Sgt. R. MacVey prosecuted.

SNATCHER GAOLED

Twelve months' hard labour was imposed by Mr. T. J. Gould on Saturday on Yeung Tam, 18, who pleaded guilty to a charge of snatching a wrist watch from a lady at Johnston Road on Friday.

Defendant had four previous convictions for similar offences.

AT KOWLOON

FIGHT IN HOSPITAL

Wounding a fellow patient to the left eye, Chan Fuk-yin, 23, was charged before Mr. Himsforth on Saturday with common assault.

The quarrel started at the Out-Patient Department in Kowloon Hospital about 9.15 a.m. on Friday when the defendant asked the complainant to remove the dirty things which the latter had placed on the bench. The accused seized a bottle and struck the complainant when he ignored him.

The accused was fined \$10 or three weeks in prison.

GAMBLERS' HAILS ESTREATED

None of the fourteen persons arrested in the course of a gambling raid carried out by the Police on Friday at No. 291, Tai Nam Street appeared before Mr. Macfadyen on Saturday. The principal defendant, Pang Kan, 30, had his bail of \$20 exonerated, while the rest had their bail of \$3 each exonerated.

Table money \$5.12 picked up at the gaming house was placed in the Police Box.

SOLD BORROWED RING

A 19-year-old spinster, Chan Yuk-ying, was charged before Mr. Himsforth on Saturday with larceny by false.

On Thursday the accused asked the complainant, Tan Lin-kwai, 19, married woman for the loan of a gold ring as she had a date with her boyfriend. She failed to return it and on the following day she was located by the complainant and arrested.

ENJOYABLE CHILDREN'S CONCERT

TAP DANCE TIT-BIT OF PROGRAMME

A very enjoyable children's concert, sponsored by the Little Flower Club in aid of St. Vincent de Paul's Society, was given at King's Park yesterday to a large and appreciative audience.

In such a well-balanced programme as was presented it is most difficult to single out any item for special mention, especially when the work of the young artists was all of the same high standard.

The Little Flower Anthem, sung by the Children's Choir, however, deserve special mention as the youngsters taking part were really splendid.

The Mouth Organ duet, by the two Lewises, was another item enjoyed by all, while the Tap Dance by Rene Peres was deservedly applauded.

THE PROGRAMME

The programme was as follows: 1. Little Flower Anthem (Children's Choir); 2. Piano Trio (Michael Osmund, Eddie Remedios, Jerry Pinna); 3. Mouth Organ (Norman Lewis acc. by Alex Lewis); 4. Song—Won't You Buy My Pretty Flowers—(Wilma Pinna acc. by Jerry Pinna); 5. Piano Duet (Irene Osmund and Tony Baptista); 6. Tap Dance (Rene Peres acc. by Miss N. M. Osmund); 7. Song—Mexicali Rose—(Alda Marques and Verinda Xavier); 8. Piano Solo—Serenade by Schubert—(Alice Osmund); 9. Old Dance (Alda Marques, Verinda Xavier, Alice Silva and Rene Peres); 10. Song—When Irish Eyes are Smiling—(Robert Souza acc. by Miss I. M. Osmund); 11. White Canoe (Three-Act Play by the Company).

GOD SAVE THE KING

SUCCESSFUL CHARITY DANCE

The Charity Dinner Dance in aid of Refugee Farmers, held at the Rose Room and Roof Garden of the Peninsula Hotel on Saturday night, under the auspices of the Shumchun Rural Welfare Centre, proved a grand success attracting a capacity attendance.

There were many distinguished guests and the evening was enlivened by a programme of entertainment that offered a number of well-executed artistic and cabaret items.

Among the artistes were Miss Anita Lee, Mrs. Sylvia Choy, Mrs. Percy Chen, Miss Jean Yang, Mr. Herbert Tong, Miss Colleen Ng Quinn, and the Misses Gloria Yee, Dora Chow and Elsie Wong in a specialty number. Mr. George Chow was Master of Ceremonies.

Chairman of the Ball Committee was Mrs. Florence Li Shu-fan, the Vice-Chairmen being Mrs. Kan Tong-po, Mrs. Li Tse-fong and Mrs. T. N. Chau. The various arrangements were efficiently handled by a number of special committees of ladies.

SUMMARY COURT CLAIM

JUDGMENT AGAINST DEFENDANT

Judgment was given for plaintiff at the conclusion of the claim brought before Mr. Justice Williams at the Summary Court on Saturday by Mrs. Lucy Tong, of Tong's China Delight, of No. 61, Des Voeux Road Central.

The claim was brought against K. Weiss, manager or representative of Rong China Building, for a sum of \$300 being balance of purchase price of fixtures and fittings and rental due for the ground floor of No. 8, Pedder Street.

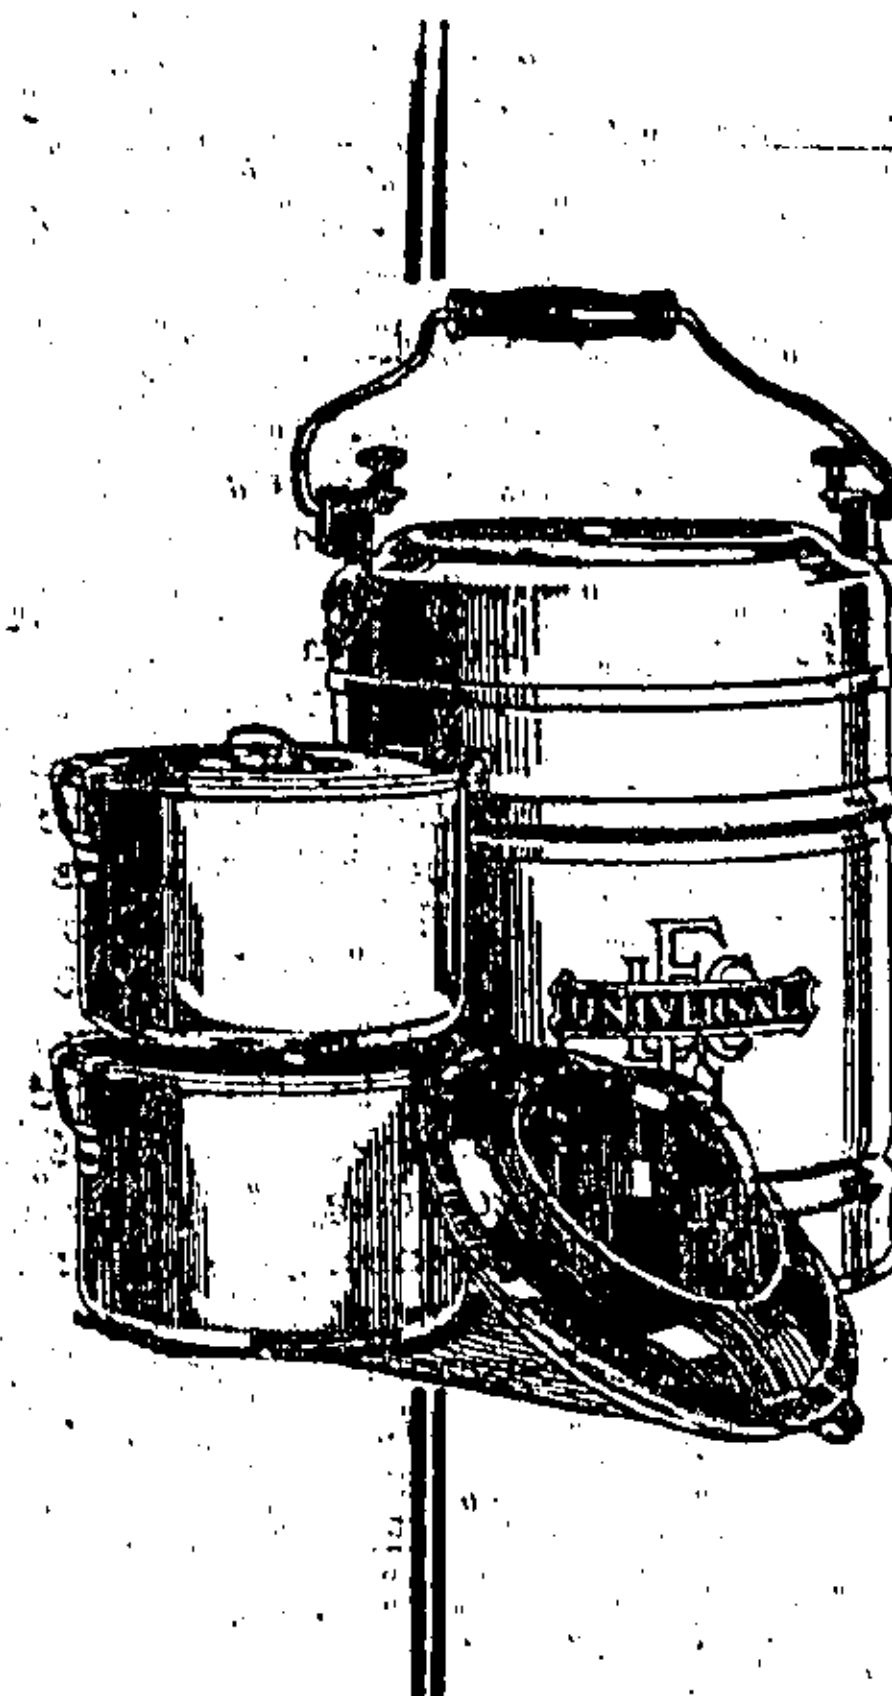

Mr. M. A. da Silva appeared for the plaintiff while Mr. D. McCallum was for the defendant.

The accused, who admitted selling the ring to a goldsmith for \$13, was bound over in the sum of \$50 for 12 months.

AN OLD OFFENDER

Four months' hard labour was imposed by Himsforth on Saturday on Lip Kan, 29, for larceny of a quantity of motor car tools.

GEN. DE GAULLE'S
REPRESENTATIVE
DUE HERE SOON

With a view to making per-
sonal contact with Free French
organisations in the Colony, to
consolidating their positions and
to organising them to subscribe
substantially to the cause of Bri-
tain and Free France, an official
representative of General de
Gaulle, Leader of the Free French
Empire, is to arrive in Hongkong
shortly on a tour of the Far East.

The representative is awaiting
detailed instructions from London
headquarters in Singapore before
his departure.

Contact between General de
Gaulle's headquarters and the
Hongkong branch, "La France
Libre," has been established
through the British Embassy in
Shanghai, where a central Com-
mittee directs Free French or-
ganisations in the Far East. It is
learned that Free French Com-
mittees have been established in
Bombay, Singapore, Manila,
Shanghai and Hongkong.

Far East is now contributing
more and more volunteers to the
Free France forces, two volunteers
from Shanghai and one from
Hongkong awaiting to be taken to
Europe.

Members in the Far East are
now provided with identity cards.
Each card is charged for at \$2
and the proceeds will go to the
Free French Fund, which now
amounts to almost \$4,000 in Hong-
kong.

This money will be used to pro-
vide housing and payment of fares
for volunteers.

In Hongkong, volunteers will
receive the following treatment:

Commissioned officers (free first
class board and lodging) \$5 per
day and \$15 each when they leave.

Non-commissioned officers (free
board and lodging) \$3 per day
and \$10 each when they leave.

Other ranks (free board and
lodging) \$2 per day and \$8 each
when they leave.

WILD DOGS FIRST
—NOW WILD CAT.

A wild cat, estimated to be
weighing 100 pounds, attacked
and badly mauled a gardener
employed by Mr. John Barrow, the
District Officer (North), at Tai-po.

As a result of the frequent
missing of poultry, the gardener
kept watch with an iron bar for
poachers. About 7 o'clock in the
morning the gardener heard a ter-
rible squawking from the hen-
house.

DEATH
PIERSDORF.—On Sunday, Nov. 24,
1940, at the Matilda Hospital,
The Peak, Mrs. Therese Piers-
dorf, beloved aunt of Gladys,
Stanley and Eric MacNider,
in her 64th year. Funeral will
pass the Monument, Happy
Valley, this morning at 11
o'clock.

A.R.P. CLAIMS ON
COLONY PURSE

THE HEAVY DEMANDS

which the Air Raid Pre-
cautions Department is con-
tinually making on the
Colony's purse is beginning to
arouse considerable irritation
in the public mind. It was
not very long ago that a sum
of about a million dollars was
earmarked for expenditure by
this department and previous
to that another amount in
the region of three-quarters
of a million was handed over
for the colossal task which
the A.R.P. authorities are
supposed to be engaged in.

At last Thursday's meeting
of the Finance Committee of
the Legislative Council, where
supplementary votes are
habitually passed with a
chorus of "aye," one member felt
constrained to raise a mild pro-
test when a further demand
for a sum of \$210,000 for
medical stores for the A.R.P.
Department came up for con-
sideration. Pressed by this
member for details of this
fresh expenditure, the Chair-
man of the Committee enu-
merated a number of items
connected with hospital
equipment, which it would
appear, the A.R.P. Depart-
ment should possess for dealing
with "possible casualties."

THE PUBLIC of Hongkong
has been generally heartened
by the sudden burst of energy
with which the A.R.P. De-
partment has set about mak-
ing plans for its protection
against air raids, but it is felt
that this huge burden of ex-
penditure might have been
distributed more evenly over
a longer period. As it is,
nearly a year of war had to
pass before the A.R.P. Depart-
ment bestirred itself into
doing something to justify its
existence. Until about four
months ago except for stag-
ing a few black-out exercises,
rigging the members of the
A.R.P. unit out in striking
uniforms and the purchase
of a few thousands of gas
masks, which the public were
called upon to purchase from
the Department, the A.R.P.
authorities had, no real re-
sults to show to a long suffer-
ing people who had put up
with these vague manifesta-
tions of interest in their
safety.

SOON AFTER the outbreak
of the war in Europe—on
Sept. 12, 1939, to be precise—
and even while the position
of this Colony was under
threat of an attack from
Japan, a representative of
this paper sought informa-
tion from the Director of the
A.R.P. Department on what
steps he intended taking to
protect the people from pos-
sible raids. The Director
promptly negated the sug-
gestion for the construction
of air raid shelters. The
matter, he said, had been

DEATH OF PRINCE SAIONJI, AGED 91

The death of Prince Kimmochoi
Saionji, an outstanding figure in
Japanese politics, was announced
from Tokyo yesterday, according to
a London message.

In 1882, the late Prince Saionji
went to Europe and America with
the late Prince Ito to investigate
parliamentary systems.

The late Prince Saionji was Min-
ister to Austria in 1885 and to Ber-
lin in 1888. He was Education
Minister in the second and third
Ito Cabinets and in 1910 was Jap-
anese delegate to the Paris Peace
Conference. He resigned the post
of financial advisor to the Imperial
Household Department in Decem-
ber, 1937.

The late Prince Saionji was the
Genro (Elder Statesman) and was
91 years of age.

DEATH OF MRS.
T. PIERSDORF

OLD RESIDENT OF
THE COLONY

The death occurred at the
Matilda Hospital, The Peak, at 2
o'clock yesterday afternoon of an
old resident of the Colony in the
person of Mrs. Therese Piersdorf,
of No. 31 West Terrace, Kowloon
Docks, after a long illness.

In her 64th year, the late Mrs.
Piersdorf was the elder sister of
the late Mr. C. E. P. Herbst who
was for many years with Holt's
Wharf, Kowloon, prior to his death
in 1925.

The deceased is survived by her
niece, Miss G. MacNider, and
nephews, Messrs. S. and E. Mac-
Nider to whom the deepest
sympathy will be extended.

The funeral takes place this
morning passing the Monument,
Happy Valley, at 11 o'clock.

carefully examined from
every possible angle, but,
owing to the peculiar circum-
stances attached to the posi-
tion of Hongkong, it would
be neither expedient nor
of value to construct such shel-
ters. An air raid warning,
he added, would barely allow
the populace two minutes'
time to evacuate their homes
and seek these shelters and
this, particularly in black-out
conditions, would create a
great deal of confusion and
would be practically useless.
Even in the building of a
tunnel along the fringe of the
populated area, the Director
stated, there would be many
difficulties to be overcome
before such a proposal could
be feasibly adopted and the
time factor would, in any
case, prevent people from ob-
taining the necessary protec-
tion.

AFTER A YEAR of war in
Europe and tension in the
Far East, we are glad to see
that the Director of A.R.P.
has the courage to change his
ideas and that wiser minds
have got to work. Tunnel-
ing is going on in Hongkong
and on the mainland with the
greatest zest. The time fac-
tor no longer comes into the
A.R.P. Department's calcula-
tions of how long it will take
people to get to these shel-
ters. The only time snag, as
far as we can see it, is that,
according to the Director,
the Colony's air raid shelters
will (he hopes) be completed
in eighteen months! That
should be well in time for the
next war, at least! In the
meantime, the A.R.P. Depart-
ment, of course, wants
money, and more money, for
doing things which should
have been started many
months ago. Apart from the
funds wanted for its essen-
tial work, the department is
going the whole hog and
wants everything for "possi-
ble" happenings! Some ad-
justment of spending policy is
surely indicated.

BBC, Mr. Harris was well-
known as an actor on the
London stage.

morrow on "The Smith of Smiths."
On Tuesday, Dec. 3, Sir Atholl Mac-
Gregor, Kt., Chief Justice, will ad-
dress the Club on "Nigeria."

A sound film entitled "African
Skyway" was screened at the Euro-
pean Y.M.C.A. last night before a
meeting of the Y.M.C.A. Discussion
Group. The film was loaned for
the occasion by British Overseas
Airways. There was a fairly large
attendance.

Racing fans will be sorry to learn
that Mr. H. C. Fitt, the well-known
jockey, who left last week to visit
his sick mother at Shanghai will
not be returning until the begin-
ning of next year.

A dancing competition under the
auspices of the Hongkong Chinese
Amateur Dancing Association will
be held next month at the Roof
Garden, Hongkong Hotel, in aid of
British and China war relief funds.

THE WEATHER

Maximum temperature yesterday
was 75 and the minimum 70.

Total rainfall since Jan. 1 is
117.53 inches against an average
of 83.80.

The Royal Observatory report
states:

The anticyclone over N. China is
increasing in intensity and extend-
ing southward.

A depression is moving eastward
across the Sea of Japan.

Pressure is low over the South-
ern Philippines.

WEDDING BELLS IN KOWLOON

Mr. A. L. Mann And
Miss V. A. Cullen

A very pretty wedding took
place at the Rosary Church, Kow-
loon, on Saturday afternoon when
Miss Violet Angelina Cullen,
second daughter of Mr. and Mrs.
F. Cullen, of No. 30, West Ter-
race, Kowloon Docks, became
the bride of Mr. Alexander Leon-
ard Mann, son of Mr. and Mrs.
A. Mann.

The Rev. Father H. de Angelus,
Rector of the Church, officiated
at the ceremony and Mrs. J.
M. Noronha was at the organ.

The bride, who was given away
by her father, wore a French lil-
lard skin dress cut on Princess
lines and had a long veil of
orange blossoms. Her bouquet was
of white gladioli and maidenhair
fern.

Her sister, Miss Beatrice Cullen,
was the bridesmaid and was dressed
in pale pink embossed taffeta
with a pink flower head-dress.
She carried a bouquet of pink
gladioli.

TWO FLOWERGIRLS

Two younger sisters of the
bride, Miss Daisy Barbara Cullen
and Miss Rose Marie Cullen, were
pretty little flowergirls being at-
tired in pink figured taffeta with
full skirts, tiny blue bows on the
bodices and frills on the skirts.
Their head-dresses were small
pink and blue flowers. They
carried wee baskets of pink roses.

The bride's mother was stylishly
attired in navy blue figured silk
navy blue hat trimmed with
French veiling, and navy blue
accessories.

The duties of bestman were
discharged by Mr. Paul Conolly,
of the Royal Naval Dockyard Pol-
ice, and Mr. C.S.M. Thom, of
the Kowloon Docks, for the bride-
groom and bride respectively.

Following the ceremony a large-
ly attended reception was held
at the Kowloon Docks Recreation
Club after which the happy couple
left for their honeymoon which
is being spent at Repulse Bay
Hotel, Mrs. A.L. Mann's going-
away costume being of old rose
French crepe with white felt
hat and shoes and handbag to
match.

PRETTY CHINESE WEDDINGS

HEUNG-FUNG

The St. Teresa's Church pre-
sented a pretty picture on Satur-
day when Miss Fanny Fung,
daughter of Mr. and Mrs. Fung
Dip-pak, of Prince's Terrace, be-
came the bride of Mr. H. C. Louis
Heung, son of Mr. Heung Sing-
shiu.

Rev. Fr. Granelli officiated.
The bride, who was given away
by her father, was charmingly
dressed in a white satin gown and
carried a bouquet of white
gladioli. She was attended by
Miss Lorina Lo who wore a purple
coloured satin gown with a bou-
quet of pink and violet gladioli.

Mr. Joseph Kwan undertook the
duties of best man, while Master
Bo Kwong-chen acted as page boy.
A reception was later held at
the Peninsula Hotel, after which
the couple left for Macao where
the honeymoon will be spent.

NG-LUEY

Another Chinese wedding took
place at the St. Andrew's
Church on Saturday when Miss
Mary Luey, daughter of Mr. and
Mrs. C. Luey, became the bride of
Mr. Francis Ng.

The Rev. J. R. Higgins officiated.
The bride, well-known in soft-
ball circles, was attended by her
sister, Rosie, and was given away
by her grand-uncle. Mr. T. C.
Young acted as best man.

A reception was held at the
Gloucester Hotel.

Real German Reformation Has Yet To Come

New Series Of Talks By Sir Robert Vansittart

"The changes of civilisation throughout the ages for the better
have left the Germans unaltered," said SIR ROBERT VANSITTART,
Chief Diplomatic Adviser to the Foreign Secretary, in the first of a
new series of talks entitled "Black Record—Germans, Past and Pre-
sent," which he gave in London yesterday.

"Historians have commented on this characteristic," went on Sir
Robert. "The first German national hero to make a name for him-
self for treachery was named Herman. When you add the name
Goering to that you will see that the first was a double dealer like
the present one."

"When I broadcast on Sept. 3,
the anniversary of our entry into
the first war of aggression which
Germany forced upon the world in
75 years. I compared Germany to
a butcher-bird, who suddenly
springs upon his victims when they
least suspect it," declared Sir Ro-
bert.

"How does it happen that these
other birds are always caught un-
prepared? I will try and explain
this to you in these talks and show
you why these other birds should
have known better."

"The true story of Germany has
never been known. What has
emerged about the country has
been in fragments and in these
talks I am going to try and bring
them together in one picture."

"The story of Germany's past is
plain and it is time that it is told
so that it will not be forgotten
again in a hurry. The world must
not forget how Germany has be-
haved in the past and how she
will behave in the future unless
she undergoes a complete regenera-
tion."

POTENTIAL REFORMERS

"The real German reformation
has yet to come. There have been
potential reformers in Germany,
but they have been in a minority.
That does not mean that it is
hopeless to ever expect them to
change. But facts do show that
if ever Germany is ever to cease
to be a curse to herself and every-
body else, she must undergo a
spiritual cure and that a large
part of that cure will have to be
self-administered."

"Such an achievement is not im-
possible, but it will be extremely
difficult and you will want to be
sure that the cure has brought
with it full effect and new hope.
The world must never again take
anything for granted with Ger-
many."

"Let us consider her complaint
that other nations are hostile to
her. As a matter of fact they have
been most friendly. People have
shown a desire not to believe the
worst of Germany. Sir Neville Hen-
derson said once that he would not
condemn the Nazis off-hand. What
people forget is that it is too late
to condemn them afterwards."

SEEING AHEAD

"That is really the attitude of
scores of thousands of kindly souls.
They failed to see ahead and the
surest way of seeing ahead is to
look back. It would not be fair
to ourselves to have anyone ask
us to make the same mistake again
and if anyone tells you to do so,
ask him if he knows the German
record."

Sir Robert went on to declare
that after the war of 1914-1918,
wishful thinkers pleaded for Ger-
many and helped her with goods,
food and money. She used that
money to rearm.

"There have been Germans who
are averse to executing the pro-
grammes of their leaders," stated
Sir Robert, "but suffice it is to
know that their programmes have
been executed and there is a mark-
ed resemblance between all German
leaders. It is, therefore, dangerous
to assume that there are in Ger-
many kindly old gentlemen and
sad pig-tailed madmen."

"The German gentleman vanishes
on the day of battle. As for the
women, German women have never
been allowed to play a big part in
Germany. That is less surprising,
for German women were famed

SIR ROBERT VANSITTART

for inciting their men to ferocity.
The Nazi girls of today are taught
to sing blasphemous songs.

THROWN BACK

"This, however, needs little ex-
planation. Herr Hitler has thrown
back the life of the women of Ger-
many and regards them merely as
cooks and child-bearers and they
have never received encouragement
from their men."

"The world of liberalism is dying,
as one German soldier once said,
and German males and females
are content with the servi-
tude they have to bear and
are only too willing, therefore,
to inflict servitude on others. That
is why Herr Hitler has been able
to enforce on them his distorted
and sanguinary doctrines."

"The German women of today
have remained as primitive in their
own way as the German men in
theirs."

"If the world is to enjoy a just
and lasting peace, the Germans
must be made to abandon this
savage attitude. You will find that
history does repeat itself with
Germans, whatever it does with
other people. Tacitus refers to
them as hating peace and their
whole history is in that phrase."

"Bismarck once said that 'all prob-
lems must be solved by blood and
iron.' That has been the German
solution of problems for years."

CHUNGKING TO CURB CORRUPTION

CHUNGKING, Nov. 24 (Reuter).

The Chinese Government is
adopting drastic measures to curb
corruption and war profiteering.

Proposals submitted by the
Central Executive Committee of
the Central Kuomintang yesterday
have been adopted by the Supreme
National Defence Council for im-
mediate enforcement.

Among other restrictions, and
proposals the regulations include
the forbidding of war profiteering,
the strictest execution of the pro-
gramme laid out for readjustment
of Government employees' salar-
ies, to economise in the use of
motor-cars, strict prohibition of
spending money in gambling.

It is learned that the National
Government Office has already
issued a circular ordering various
Government offices to strictly ob-
serve the above regulations.

NEW LAMP-MASK FOR A.R.P. CARS

(The headlights of Essential Ser-
vices vehicles will be in future
screened by a new lamp-mask dur-
ing the blackout, according to plan
adopted by the A.R.P. Department.)
This new lamp-mask is a copy
of those now used in England,
a sample having been imported and
produced locally.

It is understood that such mask
is strictly prohibited except for
Essential Service cars flying the
A.R.P. pennant.

John Gray, John William An-
derson and Arthur Edward Perry
have been permitted to quit, and
William O'Neill has been reassign-
ed from the Combatic Group to
the Key-Posts Group in the Hong-
kong Defence Reserve.

MERIGNAC AERODROME OBJECT OF DETERMINED NIGHT ATTACK BY R.A.F.

LONDON, Nov. 24 (Reuter).—The German centre of aerial war on British Atlantic shipping—THE AERODROME AT MERIGNAC, NEAR BORDEAUX—was the object of a determined attack by the R.A.F. during the night of Friday-Saturday.

Severe damage was done to buildings and aircraft on the ground, states an Air Ministry communique, which adds that British night operations were widespread, other targets including oil storage tanks at Dortmund and Duisburg and the occupied ports of Lorient, Cherbourg, Ostend and Flushing.

WOMAN FOUND DEAD

Continued from Page 1

About 1.20 p.m., Chan's wife, Ma Chai-fung, returned to find the amah dead across her bed in the only cubicle on the floor in the rear of the house.

The amah's ankles were tied with tape and her wrists bound with wire and white tape. She had been gagged with a towel.

PROPERTY MISSING
The following property was found to the missing:—Two \$5 notes (Chinese currency), \$3 in Hongkong subsidiary coins, a gold tooth, a cotton quilt and cover, a black European-style serge suit, a black woollen female long coat, a Chinese-style female suit, and a woollen blanket, all to the total value of \$81.

A brown paper parcel, containing wooden shavings, was found on the floor. It was torn at one end and a piece of wire, similar to that used to bind the deceased, was lying near it. On the table was a chisel.

Enquiries from neighbouring houses elicited the information that nobody was seen entering or leaving the floor.

CRIME IN N.T.

Blood Found In Man's Room

Missing from Cheung Tai To Village, New Territories, since the night of Nov. 21, a man, Cheung Kau, aged 28 years, is believed to have met his death in circumstances which point to murder.

Blood and a blood-stained hammer were found by the Police in the missing man's room.

According to the nine-year-old son of the man, four men entered the house on the night in question and attacked Cheung after which they carried him from the premises.

Police searched the surrounding countryside but did not find any trace of the missing man.

Overcrowding And Foul Air In Shelters

Continued from Page 1

there is an influenza vaccine which we need badly.

"To gargle or not to gargle? Some people think it a good habit, others think it washes away the protecting coating of the mouth and throat. For myself, I am a non-belligerent in this controversy, with leanings towards the anti's."

"There has been a suggestion for the wearing of masks. If they mean the gauze mask worn by doctors, I have my doubts whether 1,500,000 people can be made to wear something which makes talking difficult and breathing uncomfortable."

"The most valuable development is the use of a new anti-septic-spraying solution of chlorine peroxide, which kills most of the germs in the atmosphere if properly sprayed."

REAL REMEDY
"The one real remedy for all these ills is less people in each shelter and this can best be achieved by more and more evacuation, the greater use of home shelters and the construction of more shelters and the dispersal of the population throughout the country."

The speaker went on to refer to tuberculosis, and said that naturally enough people with tuberculosis flock into the shelters. There was now a move on foot to prevent a person with tuberculosis from occupying public shelters and for placing them in special shelters.

Lavatory conveniences was another problem particularly in the underground stations. There should be one lavatory for 25 people, but the number needed was astronomical.

"These are not all the health problems involved," continued the speaker. "There is the problem of dealing with such loathsome companions as the louse. The bug and the flea, more cleansing stations, more washing facilities in shelters and the spread of health education."

VISITED BY DOCTOR
"From next week every shelter will be visited by a doctor during the day to deal with some of these problems, and another doctor by night to keep an eye on illnesses. Sick-bays are to be installed and a trained nurse will always be in attendance."

"Physical comforts are of importance and a bunk campaign is in full swing and 1,500,000 bunks are promised in the near future. "This may appear a very gloomy picture of our night life, but you must remember the magnitude of our problem—it is colossal and cannot be solved in a moment. "All the energies of the Government and the Londoners themselves are being concentrated on making these shelters safe for everyone. "Democracy is at work, and Shelter Committees are organising everything connected with their affairs and everyone is still keeping chin up."

BRITAIN CONGRATULATES GREECE

LONDON, Nov. 24 (Reuter).—Official British congratulations to the Greeks on the Koritzia victory have been conveyed to General Metaxas in a letter from the British Minister at Athens. The letter says: "This heroic exploit of the Greek armies will

Remarkable Gallantry Of Bomber Crew

Brought Cripple Machine Home After Cologne Raid

LONDON, Nov. 24 (BWS).—A remarkable story of the gallantry of a bomber crew in bringing home their crippled machine after it had been set on fire by an A.A. shell when attacking Cologne goodyards was told by the pilot on Friday.

Splinters of the shell not only blew off part of the front turret but touched off a flare with a terrific explosion. The observer and wireless operator were both injured.

The pilot said "There were flames coming through the door beneath the petrol tank so I shouted to the crew to put them out. Nobody heard me. They were all there before I shouted. A little later I looked round and saw the wireless operator coming through the door with flames licking his flying suit. He was on fire himself. The bomb-aimer dashed up to him and beat the flames out with his hands."

ERRATIC WAY
Then the cabin cleared of smoke and things seemed to be fairly all right except that the aircraft was flying in an erratic way. Back in the body of the machine the crew were working frantically to get rid of incendiaries and anything that might explode. We carried on in this state and dropped our bombs.

During this time the wireless operator and I were alone in the cabin. He had collapsed on the floor and said "I'm going blind, sir." His face was burned completely black.

OPERATOR INJURED
When the crew returned I sent the second pilot back for the first aid outfit and told the others to look after the wireless operator who at first refused to be helped. He got to his feet and said he must get to the wireless.

As soon as his burns had been attended to he clambered to the wireless and started to send out messages saying that we were on the way back to base.

INTENSE COLD
All these hours the wireless operator made no moan or complaint although he was suffering from intense cold as well as from his burns.

That the aircraft was able to cover the distance is the finest tribute possible to the designers, manufacturers and workmen. The whole of the skin and ribs had been blown off on one side of the fuselage and on the other side all the rivets were missing. There was very little left to hold the tail plane on."

ONLY ONE FORMATION REACHED LONDON:

SEVEN ITALIANS DOWNED

LONDON, Nov. 24 (Reuter).—Axis airmen made several determined attempts to reach London yesterday, but out of three raids only one formation, flying at a great height, succeeded in reaching the capital.

An Air Ministry communique states that some damage was done to houses in South London and a town on the Thames Estuary but latest reports indicate few casualties.

For the first time in nearly a week Messerschmitt 109s appeared off the south-east coast, but they fled on seeing that adequate forces awaited them.

A.A. guns routed the second batch of visitors while in the third attempt at least one plane—believed to be a Junkers—was shot down.

HEAVY TOLL
A heavy toll was taken of would-be Italian raiders who encountered a lively barrage on approaching the British coast.

They attempted again to cross the coast but R.A.F. routed them, and drove them back towards the French coast, doing such damage that two Dornier seaplanes were put out evidently to search for survivors.

Eleven enemy aircraft were destroyed yesterday, according to the latest official reports. The Germans lost four and the Italians seven.

Over one-third of the Italian force was shot down by the R.A.F. yesterday when they attempted to raid England and of the 20 Italians fighters which came over Dover only 13 scurried back to France.

The Spitfire squadron which administered this wholesome lesson to the Italians thus gained the enviable distinction of having its total "bag" in excess of 100.

This success was achieved during the second of the three enemy attempts to cross the British coast.

**Pope Begins
Week's Fast**
His Holiness the Pope, in a broadcast, calls on all Christians to unite their prayers for a just and lasting peace, states a message from London.

His Holiness said: "It seems that the world is not big enough to contain the aspirations of men. We have asked for peace with justice for all but the war continues with increased destruction. Let Christian justice balance the

have its repercussions throughout the entire world. "Greece is going forward with rapid strides, bearing high the banner of liberty. "General Metaxas, in reply, stated: "With the highly prized aid of the great nation—our ally which you so worthily represent, our army will march at the side of yours from triumph to triumph to final victory."

EWO BEAT WAYFOONG AT CRICKET

C.D.N. WALKER HITS UP 48

Ewo beat Wayfoong by 37 runs in an all day inter-hong cricket match played yesterday at the Kowloon Cricket Club.

C. D. N. Walker, hitting up 48 runs for Wayfoong, was top-scorer, while L. J. A. Felden took six wickets for 58.

NOT UNEXPECTED

"Italy's action was not wholly unexpected," said the speaker. "For months past Signor Mussolini had been concentrating troops in Albania consisting of a total of nearly 250,000 men and shortly before he delivered his attack he had been intending to go into winter quarters."

"It is probable that owing to either pressure from Herr Hitler or because he thought the Greeks would surrender without fighting that he went into action. The Greeks, however, took a quick decision. Their outposts were with-

drawn and they started strengthening their defences with calm determination.

"Before proceeding further with the story of the operations, it would be well to obtain a picture of the main features of the country. Albania itself is a rugged country and makes a miserable base for operations and combined movement by forces lining its frontiers is very difficult.

"The geography of modern Greece is much more interesting. It consists of the mainland and many archipelagoes. The mainland comprises a mountainous peninsula. In the east is a strip of rolling country lying between Bulgaria and the sea and having a common border with Turkey. The peninsula is divided centrally by the Pindus range, which divides the east from the west.

"The main road on the west runs south from Koritzia and makes for the Gulf of Corinth. On the east of the range there are two roads, one going to Salonika and the other to Athens.

SCARCITY OF ROADS
"This scarcity of roads is bound to affect any strategic campaign and another feature of geographical importance is the salient on the east, which faces the sea over which we have established control."

"It is interesting to see how the two sides attempted to turn the geography to strategical attack. If the Italians held the advantage of surprise and were superior in numbers and equipment, the Greek Commander did not have the slightest intention of allowing them to retain the initiative. He realised that tactically his infantry and pack artillery were more mobile. He realised the signifi-

cance of Koritzia, because from that town ran the main roads into Greece and it was also rich in military equipment.

"With remarkable and skilful strategy, the Commander concentrated his men to threaten the rear of the Italian attackers, with what eventual success you have already heard."

ITALIAN STRATEGY
"We may now turn to the strategy of the Italians. They attempted to operate on both flanks of the Pindus range, so as to attack both on the south and on the east. The former movement was allowed by the Greeks to reach the town of Kalamas, where it was brought to a halt. Then there was a third column, which consisted of Alpine troops which was sent along the Pindus range and was meant to secure connexion with the Italian forces in the east and thereby the Greeks by appearing in the heart of the country."

"This was a dangerous measure and the Greeks were able to avoid it by resort to their ancient strategy. Their centre fell back, while the flanks stood still, thus drawing the enemy deeper and deeper into the country. At the right moment, they struck back and won a complete victory. Thus, in two out of three moves, the assault of the invaders failed. The Italian forces on the Kalamas sector were forced to withdraw and with the actual capture of Koritzia now, that retreat is likely to become more rapid."

BRITISH PART
"We must now turn to the British part in these operations. The British had already promised the Greeks assistance in the event of unprovoked attack against her and they at once put their promise into effect."

"The occupation of Crete by our forces placed our ships and aircraft in positions from which they could attack the enemy concentrations and from which aircraft could join the fleet air arm in attack."

"This help to the Greeks was steadily increased as our organisation developed, but even with all these British and Greek successes, together with that at Taranto, it must not be supposed that the campaign is over."

"It is possible that Herr Hitler may enter the fight to save his ally by making Bulgaria and Yugoslavia to agree to allowing German troops to pass through these states. That will make the Greek ranks turn round to defend the rear. Even in this case, however, it will be opposed with stern, skilful and gallant courage."

QUESTIONS OF PAYING
WASHINGTON, Nov. 24 (Reuter).—Lord Lothian, asked specifically on his arrival whether Britain intended to request the modification or repeal of the Johnson Act, said it was not for us to make such a suggestion and added that the question of how Britain will continue paying for munitions to the United States would have to be met in the next six months.

British gold and securities are being liquidated for expenditure in the United States which is more than the \$1,000,000,000 suggested by one interviewer.

LONDON, Nov. 24 (Reuter).—A German air attack on Birmingham on Friday night was on a very large scale, lasting eleven hours.

Wave after wave of enemy planes arrived over the town from all sides, mostly at 10-minute intervals, dropping flares, followed by numerous incendiary and explosive bombs dropped from varying heights indiscriminately.

He said that the Greek successes made the British thoroughly enthusiastic and added with a smile "we think it very good for Mussolini that the Greeks are winning."

Lord Lothian indicated that Britain expected Germany would

ITALIANS DEFEATED BY STRATEGY OF GREEK OPERATIONS

"The glorious capture of Koritzia by the Greeks furnishes an excellent occasion to discuss various aspects of the Italian assault on Greece," said MAJ.-GEN. ROWAN-ROBINSON, C.B., C.M.G., D.S.O., a well-known military expert when he spoke in London on Saturday on the military situation in Greece.

Major-Gen. Robinson recounted how Gen. Metaxas, the Greek Prime Minister, had unhesitatingly refused compliance with Signor Mussolini's ultimatum to the Greeks for permission to occupy certain strategic points in Greek territory.

NOT UNEXPECTED
"Italy's action was not wholly unexpected," said the speaker. "For months past Signor Mussolini had been concentrating troops in Albania consisting of a total of nearly 250,000 men and shortly before he delivered his attack he had been intending to go into winter quarters."

QUESTIONS OF PAYING
WASHINGTON, Nov. 24 (Reuter).—Lord Lothian, asked specifically on his arrival whether Britain intended to request the modification or repeal of the Johnson Act, said it was not for us to make such a suggestion and added that the question of how Britain will continue paying for munitions to the United States would have to be met in the next six months.

British gold and securities are being liquidated for expenditure in the United States which is more than the \$1,000,000,000 suggested by one interviewer.

LONDON, Nov. 24 (Reuter).—A German air attack on Birmingham on Friday night was on a very large scale, lasting eleven hours.

Wave after wave of enemy planes arrived over the town from all sides, mostly at 10-minute intervals, dropping flares, followed by numerous incendiary and explosive bombs dropped from varying heights indiscriminately.

He said that the Greek successes made the British thoroughly enthusiastic and added with a smile "we think it very good for Mussolini that the Greeks are winning."

Lord Lothian indicated that Britain expected Germany would

BOWLS WIN FOR WEST SCOTLAND

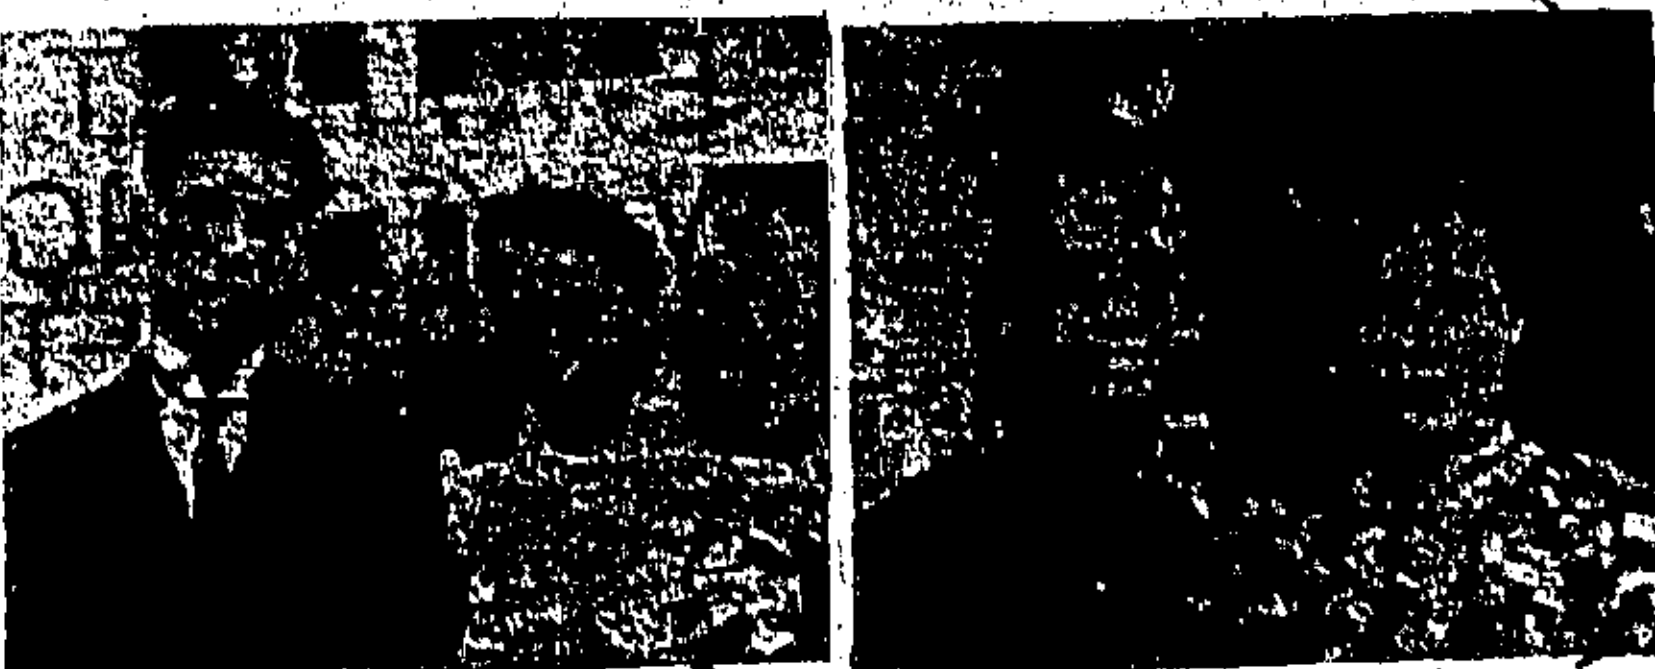

West Scotland beat Dundee by 14 shots in a friendly lawn bowls match played at Kowloon Dock Recreation Club yesterday. The final scores were 84 and 70 shots respectively.

J. Roberts, J. Fraser, W. Melrose and J. Mackelvie (West Scotland) beat W. McLeod, T. Tallon, J. McWaters, and J. C. Fender (Dundee) 23-20.

W. Houston, D. Coull, W. McFarlane and R. Morrison (West Scotland) beat W. Walker, H. H. Scott, A. M. Calman and R. Duncan (Dundee) 20-18.

J. Revie, J. J. Whyte, R. Craig and A. M. Holland (West Scotland) beat W. Clark, W. Harris, A. Soutar and H. G. Cooper 28 (Dundee) 28-13.

W. D. McMaster, S. Pollock, A. McFarlane and J. Kempton (West Scotland) lost to J. Gellatly, A. Alexander, W. Dall and J. Orem (Dundee) 15-19.

Left, Mr. Louis H. C. Heung and Miss Cecilia Fanny Fong, who were married on Saturday, and, right, Mr. Leung Lee-sue and his bride, formerly Miss Ching Suk-ching. (King's Studio).

NAVAL VOLUNTEERS TROUNCED

A great performance by D. G. Day, who scored three grand tries, featured the Rugby match on Saturday between Hongkong Volunteer Defence Corps and the Hongkong Naval Volunteer Force.

The Volunteer Defence Corps beat the Naval Volunteers by three goals and two tries (21 points) to nil after leading 8-0 at the interval.

Day opened the score with a good run, dodging all opposition after receiving an inside pass from van Leeuwen. Redman failed to convert from an easy position.

Carruthers scored the second try, a magnificent effort as he changed direction at top speed to elude Brown. Macrae converted.

Navy retaliated strongly and only just failed to reduce the arrears when Taylor was penalised for passing off the ground and Watson's kick was only just wide. Hutchison attempted to drop a goal just before the interval but failed narrowly from 40 yards.

The second half saw the Volunteers very much on top and they added further tries through Day (2) and Redman. Hutchison and Redman each converted a try.

The teams:-
VOLUNTEERS-F. M. Thompson (No. 1 Coy.); H. van Leeuwen (Mobile Column); M. G. Carruthers (Mobile Column); D. G. Day (No. 1 Coy.) and P. B. Wilson (Corps Artillery); J. Hutchison (Mobile Column) and F. J. C. Clemo (No. 1 Coy.); I. M. Macrae (No. 2 Coy.); J. F. Burford (Corps Artillery); G.

G. Davies (Corps Artillery); J. S. Lee (Mobile Column); C. F. Needham (Fortress Signals); G. B. Godfrey (No. 2 Coy.); A. J. G. Taylor (No. 4 Coy.) and J. Redman (No. 1 Coy.).

NAVAL VOLUNTEERS-Sub-Lt. Brown; Sub-Lt. McGill, Cdt. Lamble, Lt. Morahan, Sub-Lt. Poole; Sub-Lt. Smith, Lt. Rutherford; Sub-Lt. Eager, Lt. Watson, Lt. Moodie; Cdt. Thornhill, B. Hynes, Lt. Carey, Sub-Lt. (E) Benn and Sub-Lt. Dalziel.

ARMY XV HELD TO DRAW
A splendid rugby match was seen on the Causeway Bay ground on Saturday when a combined Navy-Police fifteen held the Army First fifteen to a draw. Each side scored an unconverted try. Army leading 3-0 at the interval.

The Navy-Police fifteen were seriously handicapped for a good part of the second half after Lt. Carter had been brought down heavily while attempting to dribble through and sustained a badly wrenched ankle.

The equalising try was secured with barely five minutes to go. The Navy centres, Honeywill and Paul, shone in defence, and Bowden and Wall contributed in good measures to the success of the combined fifteen.

Forde, of the Army pack, caught the eye on occasions with some fine bookings. Cuthbertson, Pinkerton and Duke were prominent among the Army forwards. Wright-Nooch and Taylor were very much in the picture for Navy-Police as was Carter.

Coomes and Bowden scored the tries in that order.

NAZARIN SCORES 76 NOT OUT

D.B.S. GREAT WIN

The Indian Recreation Club showed a glimpse of their old form on Saturday when they beat a fairly strong Hongkong C.C. eleven by five wickets in a friendly cricket match at Sookunpoo.

The game was featured by two good "knocks" by T. G. C. Knight who scored 66 for Club and an innings of 74 not out by Nazarin for the Indians.

A very low scoring game was seen at Civil Service where the home team, set to make 69 runs, just managed to knock up 76 for nine.

FINDING OF APPEAL BOARD

An appeal by Pte. Fraser, of the Royal Scots, who had been previously suspended by the Emergency Committee from further participation in the Hongkong Football League, heard by the Appeals Board of the Hongkong Football Association, comprising of the Hon. Mr. N. L. Smith, the Hon. Mr. M. K. Lo and Mr. W. Pryde.

Fraser was involved in an incident with the referee on the field of play following a "second division" game on Oct. 6.

Following is the finding of the Appeals Board:

1. "We find that Fraser did not use violence towards the referee in the full sense of that word. Nor is there any evidence of any ill feeling towards the referee on account of the game itself.

2. "But his action, which is not denied, does not show a proper respect which all referees must have if the authority of the Association is to be upheld.

3. "We accept Mr. Hollands' version of what took place at the meeting of the Emergency Sub-Committee.

4. "Having heard the full facts which were not placed before the Emergency Sub-Committee we consider the sentence excessive and, in view of the long period which has elapsed since the occurrence complained of, we decide that the suspension should conclude on December 31, 1940."

EXPANSION OF COD LIVER OIL PROCESSING

America, lover of peace, believer in human brotherhood, cannot sit idly by and see destroyed the very foundations of civilized society upon which alone peace can rest. America's resources and her power are so enormous that if she chooses to use them she can probably turn the scales one way or the other. With that power goes terrible responsibility. America herself becoming a participant in the war, can in large measure determine if she will, what our future world will be.

In 1776 our fathers risked everything for the realization of these eternal principles. In 1863 Lincoln gave them new meaning. In 1917 and 1918 you and your fellow actors translated them into stirring action. Now in a transformed and fast-changing world we are called upon to give them again a new application and fresh meaning. We too stand ready without counting the cost and unafraid to keep the American faith.

The Order requires that holding United States currency should offer it for sale to Reserve Bank within a month against the equivalent value in rupees.

The Order does not apply to authorised dealers in foreign exchange, cotton dealers, all and persons needing dollar balances for reasonable trade requirements.

It states that where salvage services are rendered by H.M. ships, aircraft or other property the Crown may claim salvage for such services as an ordinary salvor. A requisitioned ship shall be regarded as H.M. vessel for this purpose unless it is previously agreed that the salvage earned for some other person than H.M. Majesty.

The new planes, like the old ones, are all-metal mid-wing monoplane and are equipped with all the latest instruments for modern scientific flying. All modern comforts of flying also are provided for the passengers.

Nearly 50 feet long, the Lockheed is about five and a half feet longer than the Lockheed, while the wingspan is the same, 65½ feet, and the height 11 feet 10½ inches.

It has a cargo capacity of 190 cubic feet and will carry 64 gallons of gasoline and 44 gallons of oil. The powerhouse of the new planes consist of two Pratt and Whitney twin-Wasp engines, each developing 1,200 horsepower at take-off, as compared with the 850-horsepower engines in the "Four-teens."

ROUND THE POLICE COURTS

Continued from Page 5

from a driver, Lam Wah, residing at No. 31, Cheung On Street.

It was stated that the accused entered the address on Friday and stole the tools but the alarm bell fixed at the rear of the house warned the complainant who arrested him. The accused had five previous convictions.

BEGGAR TURN THIEF

Convicted of larceny of a brass bell from No. 315, Prince Edward Road and loitering in the garden of the same address, a married woman, Chan Fong, 30, was sentenced to a month's hard labour, followed by expulsion, by Mr. Himsforth on Saturday.

It was said that the defendant went to the above address to beg for money on November 8. After her departure the bell was found missing. On Friday she was seen loitering in the garden of the address and was arrested. She admitted the theft of the bell.

LARCENY CHARGE AMENDED

Yuen Yu-cheung, 25, clerk, and Kwok Yuk-ping, 28, woman, who were originally charged with larceny of \$1,000 by trick, appeared again before Mr. Macfadyen on Saturday, when the charge was amended to conspiracy to steal \$1,000 from Chan Sin-Yu by false pretences.

Det. Sgt. N. B. Fraser, who prosecuted, asked for a remand until Dec. 11 which was granted.

ALLEGED SNATCHER REMANDED

Charged with larceny of a woollen shawl from a 62-year-old widow before Mr. Macfadyen on Saturday, Yuen Wai-san, 20, was remanded 48 hours for further inquiries.

Sgt. McDermott, prosecuting, said that the defendant snatched the shawl on Friday at Nathan Road, near Hamilton Street. He

was remanded until Dec. 11 which was granted.

W.M. TUPPER SOLD TO MR. NEMAZEE

The ss. W.M. Tupper was sold over the week-end to its charterer, Mr. M. Nemazee, director of China Underwriters, Limited, the transaction having been completed by Mr. A. E. Gerondal, A.I.C.S., well-known local ship and freight broker and shipping agent.

It will be recalled that the ss. W.M. Tupper was detained in Haiphong and fined 20,000 piastres following the discovery of opium on board. The vessel will be sailing for Haiphong on Tuesday night.

LISTLESS FOOTBALL IN GOVERNOR'S CUP

Hau Ching-to Scores To Give Chinese Victory

Before a large crowd at Caroline Hill yesterday the HONGKONG CHINESE AMATEUR ATHLETIC FEDERATION beat the HONGKONG FOOTBALL ASSOCIATION in the first game for the Governor's Cup by one goal to nil.

The game, on the whole, did not quite come up to expectations, and only in the second half was the standard of play anywhere near what had been expected from two such strong teams.

The match opened with each side having a fair share of the exchanges but few, if any, good movements were forthcoming from either side. The Chinese showed good combination in midfield but as soon as they approached the shooting area nearly always their movements fizzled out tamely due to poor passing.

The Chinese attack lacked "sparkle" while their opponents were a disjointed line and did not seem to understand each other. Both defences were stubborn and the result was an uninteresting first half with neither side being able to score.

MORE TO FORM

Straight from the restart there was a noticeable change in the whole Chinese team. Playing more true to their form they swept down the field in a pretty movement which culminated in Lai testing Robinson with a high shot. The Federation continued to press and Chan Tak-fai had hard luck with a drive which just scraped the upright to go out of play.

Association retaliated and Coomer, and then Hendy, both struck the post with hard shots that looked like beating Cueing Win-choi. The Chinese were not to be denied and, after a scrimmage in front of the Association's goal, HAU CHING-TO slipped through to beat Robinson at short range. This was after Roughley had fallen and, apparently, handled the ball in the area.

Thereafter the Chinese always had the upper hand and though the Association's forwards made strenuous efforts to equalise they found the Chinese defence up to the occasion. Twice the Association had a chance to draw level. Once Coomer, who was favourably placed, shot wide, and on another occasion when Coomer made a fine run down the wing and centred only to find that he had outstripped the rest of the forwards.

ROBINSON BUSY

In the closing minutes the Federation were continuously pressing and Robinson was kept busy. He made a miraculous save when he dived sideways to save a header from Hau, spinning a complete round in the air while affecting this save.

Both sides made two changes. Hsu King-seng did not play and Ng Kee-cheung was brought in at right-half with Leung Wing-chiu at centre-half. This rather weakened the intermediate line and had the Association forwards showed more understanding the result might have been quite different.

Freshwater, playing in place of Wilkinson, gave good support to Bright but Pope, though a hard worker, was weak on the right, Hau being much too fast for him.

Blake was a waste on the left wing. He would invariably show a burst of speed only to centre weakly or to kick behind the line. Howlett and Hendy had to go back to forage for the ball and as a result were left far behind on many occasions.

The Chinese played listless soccer for the first half but improved in the second to give a good display. Lai Shu-wing was always a thorn in the losers' defence but Bright had Chan Tak-fai marked throughout.

ASSOCIATION: Robinson; Roughley, D. Leonard; Pope; Bright, Freshwater; Coomer; Hendy, Fowler, Howlett and Blake.

FEDERATION: Cheung Wing-choi; Hau Yung-sang, Lee Tinsang; Ng Kee-cheung, Leung Wing-chiu, Soong, Ling-sing; Chung Yung-sum, V. K. Hui, Chan Tak-fai, Lai Shu-wing and Hau Ching-to.

WIN FOR SHELL

Playing at King's Park the Shell Club beat the Amateur Sporting Association by one goal to nil in a Third Division Football match yesterday.

CIVIL SERVANTS BEAT H.K.V.D.C.

Atwell's Fine Effort With Bat

In a friendly match at the Valley yesterday the Civil Service Cricket Club First XI defeated the H.K.V.D.C. by seven wickets.

R. I. Atwell, of the Civil Service, was the outstanding batsman, contributing 58 runs, not out, to the winners 151.

For the Volunteers, J. M. Gosano scored 47, while his brother, L. G., took three wickets at the cost of 25 runs.

H.K.V.D.C.—137 (J. M. Gosano 47, A. Zimmerman 20; Mitchell 4 for 32, Atwell one for 5).

C.S.C.C.—151 for 3 wickets. (D. McCallan 25, K. I. Atwell 58, not out, R. G. K. Thompson 27; L. G. Gosano 3 for 25; L. T. Ride one for 0).

G. Ansie, N. L. Smith, A. Watson, N. Whitley, K. Mitchell, A. E. Perry, did not bat.

POLICE REPORTS

Mr. R. H. Stevenson, of No. 21 Cameron Road, was robbed of a watch and money from the pocket of his jacket which he left on a chair in the C. B. A. Club, King's Park, on Friday.

Mr. Bennett, chief officer of the Tai Po Shan, reports that eight fathoms of rope were stolen from the vessel between 1 a.m. and 4 a.m. on Friday.

The master of a junk, Lai Shing Cheung, has reported to the Police that while sailing off Ping Ho, in Chinese Territory, on Nov. 18 his craft was stopped by a Japanese ship. Ten Japanese boarded his junk, took the cargo valued at over \$3,000, and steamed away.

Wong Fung-kim, of No. 91, Connaught Road West, has informed the police that between

N.Z.E.F. LOSE AT RUGGER

LONDON, Nov. 24 (Reuter).—The New Zealand Expeditionary Force, including two members of the 1935 All-Blacks side, Tindill and Pepper, made an unsuccessful appearance in their first rugby match in Britain, losing to Rosslyn Park, the leading London side, 22 points to 20.

The New Zealanders were handicapped in the first half through lack of practice but gradually settled down and rallied brilliantly to score their 20 points.

S.C.A.A. ANNUAL SPORTS MEETING

The South China Athletic Association will be holding its annual sports meeting at the Caroline Hill Stadium on December 29 and January 1. A number of events will be open to all competitors, namely, 4 Girls' 400 metres Relay Race; 4 Men's Senior 400 metres Relay Race; 4 Men's Senior 1,000 metres Relay Race; 4 Boys' Junior 400 metres Relay Race (Under 6 feet); Men's 10,000 metres Flat Race.

All the entries must be sent to the S.C.A.A. before Dec. 5.

S.P.C.A. FLAG DAY

Judging by the speed in which whole trays of flags disappeared, the Flag Day, organised by the Hongkong Society for the Prevention of Cruelty to Animals on Saturday should result in a substantial augmentation of the Society's funds.

Sellers were on the streets, and at various vantage points, before 8 a.m., and many had to go back to the depot for additional stock shortly after 9 a.m.

The actual results will not be known until today, when the contents of the various boxes will be checked and counted.

9 a.m. and 9.30 a.m. on Friday, jewellery and clothing valued at \$300 was stolen from this residence.

Indians Play Airtight Defensive Ball But Lose

Playing airtight defensive ball in the Softball League yesterday, the INDIANS outplayed ST. JOSEPH'S and were very unfortunate to be edged out by the odd run in three after apparently having had much the best of the game.

Timely hits by Ski Powlowaki and Dave Leonard were responsible for the batting in of the winners' tallies, the Indians putting runners on the bases on numerous occasions without being able to bring them across the pan.

The Baseballers-Cyclones match was also full of grand entertainment, the Indian boys running up their six runs in the first two frames only to have the Baseballers come from behind with a seven-run rally in the third.

DEFENSIVE WORK
The calibre of the defensive work of both teams is best indicated by the fact that neither squad was able to score after that inning.

The feature of the junior games was the excellent hitting display served up by the Royal Scots against Liga. They had generally been expected to prove easy victims against the Portuguese outfit but came through in fine style to register their first League points.
